Fieldwork Update

- Ongoing "Map-and-Dig" munitions response utilizing digital geophysical mapping:
- Addressing the area between the FLTA EOD Circle and the Navy/DRI sites
- Low density area comprised of ~460 acres
- Response activities complete in over 420 of the 460 acres
- Evaluation of munitions response findings is ongoing
- USACE QA of geophysical data is ongoing

Former Lowry Training Annex

2

Remaining Activities

- Complete munitions response activities within the southern area (winter/spring 2008)
- Post-removal verification for the entire 460 acre East Extension Area (spring 2008)
- Final reporting for the entire Air Force portion of the FLTA area (late 2008)
